PURPOSE

The purpose of the conference is to support school and district improvement efforts focused on the tenets of AQuESTT (i.e., College and Career Ready; Educator Effectiveness; Assessment; Positive Partnerships, Relationships & Student Success; Transitions; and Educational Opportunities and Access). The conference is also designed to broaden educator understanding of the roles of research and evaluation, emerging and best practices, and professional learning in achieving student success. In addition to sessions that focus on these topics, there will also be opportunities to learn about the latest efforts in data use, tools, and training around systems of support for Nebraska schools. Finally, we are pleased to announce the National Privacy Technical Assistance Center (PTAC) will be joining us in Nebraska to provide a series of timely and appropriate sessions on student data privacy and security best practices.

WHO SHOULD ATTEND?

School districts and Educational Service Units are encouraged to send teams to the conference to maximize opportunities for professional learning that will benefit their students and schools. Suggestions for team members include school and district administrators, curriculum directors, special education directors, assessment coordinators, school improvement team members, data stewards, teacher leaders, and others involved in supporting systems of education for every student, every day.

PRE-CONFERENCE SESSIONS

Complex Change Requires Deliberate Processes

(\$20 additional fee, cap of 100)

In this interactive session participants will examine the realities of complex change and acquire strategies and tactics to plan for, implement, and assess the effectiveness of their actions to succeed with the six tenets.

FERPA 101 and Student Data Privacy Best Practices

(no additional fee)

Join us for an opportunity to connect with the National Privacy and Technical Assistance Center (PTAC) to provide a review and discussion of real life scenarios on FERPA and its applicability to your institution. Training on current data security best practices for education data systems will be discussed, including user privacy and security awareness, privacy and security program development/ implementation, threat modeling, and attacker methodology.

Epworth, PathFinders, NOVA, Heartland, Scottsbluff Juvenile Detention Center, Uta Halee, YRTC (Out of Home Placement) – What are Your Responsibilities?

(no additional fee)

Public schools are responsible for accounting for all students within their districts, including those students placed in Nebraska's child welfare, juvenile/criminal justice, and behavioral health systems. Effective collaboration among public school districts, Rule 18 schools, YRTC-Geneva, YRTC-Kearney, and alternative programs is essential. Join the conversation and be a part of Nebraska's effort to enhance collaborations among public schools, facility-based schools, and alternative education programs.

Boot Camp – NSSRS (Student and Staff)

(no additional fee)

This three-hour session will be beneficial to new Data Stewards and District Administrators and as a review for other Data Stewards and District Administrators.
